

Labcorp and Inspira Health Announce Strategic Agreement for Lab Operations

January 9, 2025

Collaboration aims to improve access to innovative diagnostic testing and laboratory services for patients and providers throughout Southern New Jersey

BURLINGTON, N.C., (Jan. 9, 2025) —[Labcorp](#) (NYSE: LH), a global leader of innovative and comprehensive laboratory services, has entered into a strategic collaboration with Inspira Health to manage the daily operations of the health system's hospital laboratories located in Vineland, Elmer and Mullica Hill, New Jersey. Additionally, Labcorp will begin to serve as the primary lab for Inspira's physician network.

The new relationship combines important capabilities, experience and technologies from both organizations to enhance access to laboratory services and further the delivery of high-quality patient care. Labcorp will provide staffing, leadership, scientific knowledge, analytics, supply chain services and laboratory and technical support to Inspira's inpatient hospital laboratories.

"Labcorp is focused on delivering high-quality, efficient laboratory testing to health systems, physicians, patients, and health plans," said Bill Haas, Senior Vice President of Labcorp's Northeast Division. "We look forward to working with Inspira to realize our shared mission to improve health outcomes in the communities we serve."

Inspira's more than 1,400 physicians will benefit from Labcorp's scientific leadership and advanced diagnostics in important clinical areas such as oncology, neurology, autoimmune disease, and women's health, as well as gain access to Labcorp's convenient at-home test collection services to advance patient care.

"This strategic relationship enables Inspira Health to leverage Labcorp's leading clinical laboratory services and robust data and digital tools to improve the health and well-being of our community" said Warren E. Moore, FACHE, Executive Vice President and Chief Operating Officer, Inspira Health. "By connecting our mission-driven organizations, we will achieve improvements and innovations that will benefit our patients and providers."

This relationship follows other strategic collaborations that Labcorp has established with a range of health systems across the country focused on enhancing service for patients and providers.
