What is LabCorp

Strategic Focus Areas

Scientific Leadership

- Cancer diagnostics and monitoring
- Advanced cardiovascular disease testing
- Advancement through acquisitions and licensing

Managed Care

- Lab data enables better treatment and outcomes
- Partner to control high cost leakage
- Recognize value of lab services through appropriate pricing

Customer Focus

- Quality and service driven culture
- First-time problem resolution
- Continuous enhancements in customer connectivity

Revenue Growth Drivers

Industry Forces

- Focus on Outcomes and Cost Containment (Medical & Drug)
- Increased emphasis on drug efficacy, proper dosage and adverse effects
- Advances in science and genomics

Revenue Drivers Molecular Testing

US molecular diagnostic testing market

Pharmacogenetic tests aren't expected to see aggressive revenue growth until around 2010.

EBITDA Margin Growth Drivers

1. Increased volumes through fixed-cost infrastructure
2. Larger number of esoteric tests offered, more esoteric tests ordered

3. Further operational efficiencies

- Increase automation in pre-analytic processes
- Logistics / route structure optimization
- Supply chain management

- Improved patient experience and data capture
- Improvement in collections / bad debt

LabCorp's Investment and Performance Fundamentals

- **Industry-leading EBITDA margins**
- **Significant free cash flow**
- **Focus on returning value to shareholders**
 - Strategic acquisitions
 - Organic growth opportunities
 - Share repurchase
 - \$425.8 Million available as of 12/31/07
- **Flexibility for future growth opportunities**

Reconciliation of Non-GAAP Financial Measures

(In millions)

- 1) EBITDA represents earnings before interest, income taxes, depreciation, amortization, and nonrecurring charges, and includes the Company's proportional share of the underlying EBITDA of the income from joint venture partnerships. The Company uses EBITDA extensively as an internal management performance measure and believes it is a useful, and commonly used measure of financial performance in addition to earnings before taxes and other profitability measurements under generally accepted accounting principles ("GAAP"). EBITDA is not a measure of financial performance under GAAP. It should not be considered as an alternative to earnings before income taxes (or any other performance measure under GAAP) as a measure of performance or to cash flows from operating, investing or financing activities as an indicator of cash flows or as a measure of liquidity. The following table reconciles earnings before income taxes, representing the most comparable measure under GAAP, to EBITDA for the three-month period and year ended December 31, 2007 and 2006:

	Three Months		Year Ended	
	Ended December 31,		December 31,	
	2007	2006	2007	2006
Earnings before income taxes	\$186.9	\$ 169.8	\$ 802.3	\$720.9
Add (subtract):				
Interest expense	18.8	12.4	56.6	47.8
Investment income	(2.1)	(3.3)	(5.4)	(7.7)
Other (income) expense, net	(0.1)	0.9	1.4	2.8
Depreciation	27.4	26.0	106.4	102.2
Amortization	14.3	13.2	54.9	52.2
Restructuring and other special charges	12.3	7.7	50.6	13.4
Joint venture partnerships' depreciation and amortization	1.2	1.0	4.5	4.1
EBITDA	\$258.7	\$ 227.7	\$ 1,071.3	\$935.7
